Forecast For Northern Ireland
Issued by Met Office Aberdeen
at 0400 on Monday 18 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunshine, showers initially. Turning cloudy later with rain in south.

Today:
A mix of sunshine and scattered showers through the morning, with the bulk of the outbreaks focused across northern coastal areas. Cloud thickening from the south through the afternoon, with some patchy rain pushing into southern parts towards early evening. Maximum temperature 9 deg C (48 deg F).

Tonight:
Cloudy with occasional rain, this patchy across the north, persistent in south with some heavier outbreaks towards the southern border. Winds light. Minimum temperature 2 deg C (36 deg F).

Tuesday:
Similar to overnight conditions with cloudy skies coupled with rain, this patchy in the north, persistent in south with some heavier outbreaks towards the southern border. Winds light and variable. Maximum temperature 9 deg C (48 deg F).

Outlook for Wednesday to Friday:
Showers on Wednesday mainly in north. Brisk northerly winds bringing occasional showers for Thursday. Cold in northerly breezes Friday, with isolated showers.
